Design Registration No. 158110.
Unit depicted has optional Glass Filler fitted.

AquaGO 3001

RUST PROOF CABINET

The new IP33 rating gives extra protection against dust, dirt and moisture, making the RM33 Blizzard perfect for construction sites, schools and mines.

TANK

1.9litre stainless steel tank.

SERVICE ACCESS

The front access panel is secured with four concealed stainless steel screws. Removal of this panel provides access for any purpose including service, maintenance and filter replacement.

VANDAL RESISTANCE

The AquaGo 3001 has a one piece rota moulded polyethylene cabinet which can be easily anchored to almost any surface. Along with the internally fitted drain, this provides unequalled vandal resistance.

OPTIONAL FEATURES:

FILTRATION

An internal or external Waterworks filter will reduce sediment, chemicals, organic compounds and impurities which can adversely affect the quality and taste of your drinking water. If a filter is required, please specify on order.

TEMPORARY DRAIN KIT

1.5mtr temporary drain kit is available for temporary installations such as construction sites.

INSTALLATION CONNECTIONS:

ELECTRICAL

A 1.5 metre power cord with standard 3 pin plug is provided. Power consumption Ambient Temp 25deg. (kw.h/24h) 0.044. **Power cord inlet 300mm from base on rear of unit.**

WATER INLET

The inlet is an industry standard 1/2" female BSP threaded connection situated on the rear of the cooler, (see installation instructions for exact rough in details).

DRAIN OUTLET

The drain outlet and integrated p-trap provide an industry standard 40mm connection situated on the rear of the cooler. (see installation instructions for exact rough in details).

A 350kPa PRESSURE LIMITING VALVE MUST BE FITTED UPON INSTALLATION OR WARRANTY WILL BE VOID

WARRANTY:

The warranty provides comprehensive parts and labour coverage for the period of 12 months from the date of original sale.
